

# Plates Plus platform factsheet

## What is the Plates Plus platform?

The Plates Plus platform is the more convenient way to get your licence. It features:

-  a three-part learning course
-  a new and improved driver knowledge test, unlocked once the course has been completed.

The Plates Plus platform improves learner driver education and gives new drivers a safer start to their time on the road.

## How is it better?

### Convenience

The Plates Plus course and driver knowledge test can be completed:

-  at any time
-  on a computer, phone or tablet
-  in any location with internet access or mobile data reception.

### Fewer visits to Service Tasmania

Getting to a Service Tasmania shop during business hours can be difficult, especially without a licence.

Under the old system, one in every four people attempting the driver knowledge test failed twice or more before passing. This meant at least three visits to a Service Tasmania shop.

The Plates Plus platform requires only one visit to Service Tasmania to get your learner licence:

-  apply online to access the Plates Plus platform
-  complete the course and driver knowledge test online, on any device, at any time
-  once passed, visit Service Tasmania to complete your learner licence application.

### Better preparation

The Plates Plus course gives novice drivers more knowledge and better preparation for their:

- driver knowledge test
- P1 assessment
- solo driving.

### Improved technology

User experience and learning is improved through:

-  3D graphics
-  in-car perspectives
-  day and night driving situations
-  weather effects
-  Tasmanian inspired scenery and locations.

### Learning at their own pace

We all learn differently. The Plates Plus course allows users to:

- pick up where they left off
- go at their own speed.

### Safety

-  Road trauma is the second leading cause of death for young people in Tasmania.
-  Young drivers are at greatest risk of a crash in their first year of driving solo.
-  The Plates Plus platform ensures new drivers build an in-depth understanding of the road rules, why they are in place and safe driving behaviour.

### Beyond the road rules

Plates Plus builds knowledge and understanding of safe driving behaviour by looking at:

- the "Fatal 5" driving behaviours
- Tasmania's road trauma statistics
- the devastating human impact of road trauma.

This concludes with a commitment to better driving values.
